

ERIC RICHARD SATTER

multimedia designer - Dover, DE 19901

WHO.WHAT.WHY.

I am a multifaceted creative, with a passion for serving others & delivering high-quality results with attention to detail. As a multimedia designer, I have 23 years of extensive professional career experience working primarily as a website developer & secondarily as a video editor & motion graphics designer... with a continuing passion to further evolve my skills in 3D design & digital photography. Because of this, my mission, vision, & purpose is to relationally offer my services through creative expression to help other people in various businesses, organizations, ministries, & creative outlets... so that they, can impact others.
